

April 9, 2009

Dear Valued Kwik Goal Customer:

It has come to our attention that unofficial Kwik Goal Infinity® Goals are being marketed within certain soccer specialty circles.

Specifically, Kwik Goal's legal team has identified advertising that features a black/red pop-up goal measuring roughly 41" x 71". Registered Infinity and Kwik Goal brand logos are also on the product. Please note that Kwik Goal will not be able to honor any Lifetime Guarantee claims for this product.

At the present time, Kwik Goal offers two (2) Infinity® goals. One is colored red and measures 32"H x 48"W, and one is colored blue and measures 42"H x 72"W.

Please feel free to forward any information you may have regarding this situation to Cathy Huhn at [chuhn@kwikgoal.com](mailto:chuhn@kwikgoal.com).

Your support in this matter is greatly appreciated.

Best regards,

Anthony Caruso  
President and CEO  
Kwik Goal, Ltd.
